

Exchange possibilities within
ERAMUS

ERASMUS+

You have the possibility to spend one semester at a partner university in Europe.

Chalmers has established many Erasmus-agreements with partner universities.

If you go on exchange within an Erasmus-agreement you are covered by an insurance through Chalmers, you will get an Erasmus-scholarship and you do not need to pay any tuition fee at the partner university.

Important to know:

You have to be a master student
at Chalmers

Important that you will take 30
credits during your first semester

The agreements are written
within different subjects and the
number of spots are also decided

Study in exchange programmes

Most students are eligible to apply for exchange studies. The exchange programmes enable you to study abroad as a part of your education. Taking part in a student exchange means that you spend a semester or two at a university in another country. The credits which are achieved during the exchange may be recognized in the degree.

Search Chalmers' exchange opportunities – click on the map

Chalmers has agreements with universities around the world with different profiles. In the search portal you'll find the exchange programs and the partner universities. The filter tools help you to sort out which agreements that are most suitable for you. Click on the map to get to search portal.

UNIVERSITY OF TECHNOLOGY

Search Portal for Exchange Places

Here at the Search Portal you can search for exchange places with universities with which Chalmers have signed exchange agreements.

You can limit your search results by 'Exchange program' like Erasmus, World Wide, Terzio etc. Other search possibilities are by 'Country' or by 'Institution' like D, I, V etc. You can of course combine all these to get a specific view of what is available for instance within Erasmus for I in France.

In the search result 'Seats - number and duration', the number of months shown is the total number of months for all students we may nominate to a partner university. For example, if the seats are 2 / 20,00 months, this usually means that we may nominate either 2 students who will study one academic year each (10 months), or in some cases that 4 students can study one semester each (5 months).

Remaining seats shows the number of seats that are available after the selection process has finished.

You can only go abroad during your master studies for all agreements within Bilateral (World Wide), Erasmus SMS, Idea League and Nordic Exchange.

Click on the name of the university to get more detailed information of areas, seats etc.

Remarks	Practical information regarding course selection at Politecnico di Milano: The first course you choose in your study plan decides which track "indirizzo" you will be connected to. You will be assigned to a teacher "referente" that is responsible for all incoming students within his area of expertise. This is the person that will approve your study plan and you will be able to change your study plan during your first month at Politecnico di Milano. You are allowed to choose 12 ECTS from a different school "scuola" during each semester. The study plan will automatically block you from choosing more than 12 ECTS from another school.

Erasmus SMS - Politecnico di Milano - A -[More information](#)

Exchange program	Erasmus SMS

	1 / 10,00 Month (2019/20)
	1 / 10,00 Month (2020/21)
Status	Active
Language requirements	
Application deadline	Mid June for the autumn semester Mid December for the spring semester
Teaching language	English
Term dates	
Travel reports	
Application formalities	The courses in Architecture are given in both English and Italian. There are only 5 seats available for exchange students for each course taught in English. So the first students to sign up for the course gets the seats. However, since the courses are very practical it is possible to attend the Italian course without previous Italian knowledge. The teachers are used to having exchange student that doesn't speak Italian and are able to give the students special conditions like presenting in English etc.
Remaining seats	1 (2016/17)
	1 (2017/18)
	1 (2018/19)
	1 (2019/20)
	1 (2020/21)

Language

Many of the universities offer courses in English and in the official language of the country (French, German, Spanish etc.) Please investigate on the website of the university about this!

If you would like to take an intensive language course – you can get money from Erasmus to do this.

Language test / Language certificate

Start semester	Autumn Semester 2015/16
Exchange	WORLD WIDE - University of Newcastle - -

Plan your studies

- Important to have a study plan (the courses that you will take abroad should be credited in your education here at Chalmers)
- Talk to your director of studies!

Application – when and how?

January 15 – February 15

Online through a system called MoveOn

- Create an account
- You can select two options
- Fill out the application and attach a motivation letter
- Submit your application before deadline
- Students within architecture should attach a portfolio

Received a spot or not?

- You will get an email if you have received a spot
- You need to accept or reject the offer
- Students who receive their first option will be noticed first
- If you do not receive your first or second option you can select from the spots that have not been allocated

Nomination and application

- Nomination
- Instructions directly from the partner university
- Normally, you need to send an application to the partner university
 - CV
 - Motivation letter
 - Transcript of records etc.

Foto: Amanda Ristinmaa, Universiteit Utrecht

(If possible) apply for CSN – Studies abroad

The Erasmus Grant:

Approx. **315 euro / 420 euro**

70% in the beginning

30% after

You need to fill out and send all the requested document to CIM

At the partner university

Accommodation – assistance from the partner university can vary

Language course – a good start of the exchange

Welcome Day / Welcome Week – meet other students and often very fun

Important

You need to plan your exchange

Seek information regarding visa

Is it possible for you to rent your apartment?

If you are receiving a scholarship, please check if it is possible for you to go on exchange

Can be a little bit challenging administratively but it is worth it!

Internship through ERASMUS

More information in the Student Portal!

Exchange studies through

NORDTEK

NORDTEK, what is this?

A collaboration between technical universities in the Nordic countries

In the search portal called "Nordic Exchange"

You will receive a Nordtek-grant (instead of Erasmus-grant)

You are covered by an insurance through Chalmers and you do not need to pay any tuition fee at the partner university.

Student portal → Studies → Study in an exchange program

A wide-angle photograph of a sunset over a large body of water. The sun is a bright, glowing orb on the horizon, casting a shimmering path of light across the water's surface. The sky is filled with soft, wispy clouds in shades of orange, yellow, and grey. In the foreground, the dark silhouette of a person is visible from behind, sitting on a wooden pier or dock. To the right, there are several vertical wooden posts and a small structure, possibly part of a boat ramp or mooring system. The overall mood is peaceful and contemplative.

GO ON EXCHANGE!
